purposes with any external companies. Your information may only be shared with our third party partners so that we may offer our service.	the Turnitin welcome email.

Create your account from the Turnitin welcome email.

• Send your information, including Full-name, Student ID, and Student email account (...@student.chula.ac.th), to an instructor for adding your account to a class.

 Once your instructor has added you to a class, you should receive a welcome email from the Turnitin confirming your account's addition. In the Turnitin welcome email, click on the Set up account button to proceed.

class enrollment key.

REMARK: If you have not received a welcome email from the Turnitin, check your junk folder. Additionally, contact your instructor to verify that your email address has been entered correctly.

- Follow the instructions sent to your email to set up your Turnitin account.
- Turnitin will send you an email stating "Your Turnitin account is now set up". This email will allow you to log in to Turnitin, set your security question, and start submitting papers.

Account Setup Complete

You can now log in to your account using your email address and password. Learn more about your next steps by checking out our <u>guick start guides</u>.

Log in

Create your account using a class enrollment key.

Create a User Profile

If you've used the service before, there is no requirement to create a new profile. Log in <u>here</u> with your old credentials.

 To enroll in a class, enter the Class ID and Class enrollment key provided by your instructor.

(PLEASE Contact the CPHS Library staff to obtain the Class ID and Class enrollment key)

View your Submission

After completing a submission, the similarity score percentage will be displayed. If the similarity score does not appear under the similarity column, it means that your report is still being generated and will be updated once processing has complete.

- When you click on the % of Similarity column, a new window will open displaying the similarity score with multi-color highlighted text correlated with the matched sources list.
- Click on the 😫 icon to download the similarity report.
