Databases Search Tools

• Simple Search
  The words or phrase that best describe the information you want to find i.e
  • **Title**: the title of the article, or book you are looking for
  • **Author**: use the last name, follow by the first name
  • **Keyword**: a word/phrase that describes the topic e.g. Quality of life, Malaria, Dengue, Diabetes

• Advanced Search
  Use Boolean operator;
  **AND**: to find articles with both of two terms together
  e.g. health education AND secondary school
  **OR**: to find articles with one or both terms
  e.g. health education OR health promotion
  **AND NOT**: to find articles which have the first term but not the second term
  e.g. health education AND NOT health promotion
